

Steadfast Dance Center COVID-19 Guidelines

- Please arrive at the studio no earlier than 5 minutes before your child's class start time. The studio will be disinfected before each class, so the studio door will remain locked until 5 minutes before the class start time to secure the disinfected area.
- We will be practicing social distancing which means no more than 10 people will be allowed in the studio at any given time.
- We ask that all students follow social distancing guidelines by not touching each other.
- All who enter the building must be wearing a mask.
- Masks must remain on while in the building.
- We will be using the lobby for additional dance space, so we ask that parents only drop off and pickup.
- All students must wash their hands before entering the studio.
- Please bring your own water. Water at the studio will be used for refills.
- All hair must be pulled back and secured.
- All students must leave their street shoes at the studio entrance. Please bring dance shoes in a dance bag and keep all belongings inside the bag. This includes cell phones.
- Temperatures will be taken at entrance. If any student reads a mild-high fever, they will be asked to go home.
- If any student is experiencing symptoms, we ask that they remain home.
- If anyone living with the child is experiencing any symptoms, we ask that the child remain home.
- If the child has recently gone on vacation (slept anywhere else other than their home), we ask that they stay home.
- All stay home precautions are measured by 2 weeks.
